Section Help

¹ Vehicle Registration

Mark (VRM)

This is the car registration number you provided.

² Provided Mileage

If you included the car's current mileage, this will have been used to improve the accuracy of the valuation below.

³ Vehicle Description

The vehicle description is based on the DVLA registered description and should match the description on the vehicle log book (V5).

⁴ Dealer

The sale price for a car in good condition for its age and mileage, being retailed by a car dealership. Actual retail sale price for a car will vary depending on any additional options and or modifications made to the car by the current and or previous owners.

⁵ Private

The sale price for a car in good condition for its age and mileage, being sold by a private seller.

⁶ Part Exchange

The value of a car in good condition for its age and mileage, when traded in against another car at a motor retail outlet.

⁷ Trade

The value of a car in good condition for its age and mileage, if sold direct to a motor dealer with no part exchange.
